## INTRODUCTION

### 1. Context

Moneyrea Primary School is situated at the centre of Moneyreagh village on the outskirts of Belfast. A new nursery unit has been established in the school.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers including the principal would be co-operating with the inspectors. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

### 2. Views of parents and staff

As a result of the action short of strike, the school did not distribute the online questionnaire information to parents and staff. Therefore, it is not possible to report on the views of parents and staff.

### 3. Focus of the inspection

The ETI was unable to evaluate:

- the outcomes for children with a particular focus on numeracy and literacy;
- the quality of provision with a particular focus on numeracy and literacy including across the curriculum and the nursery unit; and
- the quality of leadership and management.

### 4. Overall findings of the inspection

<b>Overall effectiveness</b>	Unable to assure of the quality of education
<b>Outcomes for learners</b>	No performance level available
<b>Quality of provision</b>	No performance level available
<b>Leadership and management</b>	No performance level available

## KEY FINDINGS

### 5. Outcomes for learners

The ETI was unable to evaluate:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- the progression in the children's learning; and
- the children's wider skills and dispositions.

## **6. Quality of provision**

The ETI was unable to evaluate:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

## **7. Leadership and management**

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

## **8. Safeguarding**

- During the inspection, the school did not provide evidence that the arrangements for safeguarding children reflect or reflect broadly the guidance from the Department of Education<sup>1</sup>. Owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

## **9. Overall effectiveness**

Owing to the impact of the action short of strike being taken by the staff, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education and safeguarding being provided for the children. The school is a high priority for future inspection with no further notice.

The ETI will return to the school within six weeks to evaluate the progress in addressing the arrangements for safeguarding.

---

<sup>1</sup> The Department of Education will seek assurance from the Education Authority that they are working with the school in relation to the inspection report.

**Health and safety/Accommodation**

Owing to the impact of the action short of strike taken by the teachers and the principal, the ETI was unable to evaluate matters relating to health and safety and accommodation in this school.

### **Inspection methodology and evidence base**

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: [The Inspection and Self-Evaluation Framework \(ISEF\): Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate](#)

In order to conduct a primary inspection, inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with a representative from the governors;
- meetings with groups of children; and
- the opportunity for the parents, teaching and support staff to complete a confidential questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

## **ADDENDUM TO THE REPORT ON THE INSPECTION OF MONEYREA PRIMARY SCHOOL AND NURSERY UNIT BELFAST IN NOVEMBER 2017**

### **SAFEGUARDING**

The ETI returned to the school on 2 February 2018 to monitor and report on arrangements for safeguarding.

The purpose of the visit was to provide the school with a further opportunity to provide evidence on its arrangements for safeguarding; owing to action short of strike, the school did not provide evidence that the arrangements for safeguarding reflect or reflect broadly the guidance from the Department of Education at the time of the inspection in November 2017.

During the follow-up visit, the school provided evidence that arrangements for safeguarding reflect broadly the guidance issued by the Department of Education (DE). However, owing to the ongoing action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding at the school.

The school did, however, provide evidence that: senior leaders (including the designated teacher for safeguarding) maintain a robust programme of review, revision and implementation of a comprehensive range of pastoral policies; and the governors play an active role in monitoring the safe-guarding arrangements.
