## **Sustaining Improvement Inspection of Scoil na Fuiseoige, Belfast (404-6600)**

### **Introduction**

The previous inspection, in June 2014, evaluated the overall effectiveness of Scoil na Fuiseoige as outstanding<sup>1</sup>. A sustaining improvement inspection (SII) was conducted on 14 June 2017.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers, including the principal, would be co-operating with the inspectors. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

### **Focus of the inspection**

Owing to the school's participation in industrial action:

- the inspection was unable to focus on evaluating the extent to which the school is capable of demonstrating its capacity to effect improvement through self-evaluation and effective school planning; and
- lines of inquiry were not selected by the school from the development plan priorities.

### **Key findings**

The ETI was unable to evaluate:

- lines of inquiry; and
- the quality of learning and teaching within the classrooms.

### **Safeguarding**

During the inspection, the school provided evidence that satisfactory arrangements for safeguarding reflect broadly the guidance issued by the relevant Departments. However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

### **Conclusion**

Owing to the impact of the action short of strike being taken by the principal and teachers, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. The school is a high priority for future inspection with no further notice.

<sup>1</sup> From September 2015, the overall effectiveness of a school evaluated previously as outstanding or very good has been reported as a school demonstrating a high level of capacity for sustained improvement.
